Data sheet

# HP Coated Paper

**The HP Designjet printing system—the complete solution**

HP Designjet printers, Original HP inks and printheads, Original HP printing materials and HP Scitex printers, are designed to work together as a system to provide reliable, consistent results with every print.

## Create presentation-quality images

**Accomplish more with consistent results**

From line drawings to illustrations and light ink-density graphics, see high-quality, consistent image quality print to print and roll to roll.

**Improve your response time**

Handle prints with confidence right off the printer. An enhanced coating provides ink abrasion resistance to help you deliver on quick turnaround times.

**Do more, with the environment in mind**

Gain versatility with this premium bright white paper. From working comps and design proofs to fine line drawings and illustrations, meet the project needs and the environmental objectives of your company and clients with a PEFC™-certified paper.

| Target customers | Applications | Benefits |
|---|---|---|
| Architects | Posters and presentations | Crisp text and graphics, consistent high-quality results |
| Engineers | POP and retail displays | Resistance to ink abrasion for easy handling |
| Geographic Information Systems (GIS) professionals | Geographic Information Systems (GIS) | Broad HP Designjet printer compatibility[1] |
| Graphic designers | Architecture (AEC) Engineering (MCAD) | PEFC™-certified paper |
| Print service providers | | Recyclable through commonly available programs |

[1] Requires 2-inch spindle for compatibility with the HP Designjet L25500 and L26500 Printer series.

# Technical specifications

**HP Coated Paper**
