

# HP 20-lb Bond with ColorPRO Technology, 3-in Core for HP PageWide Technology

## The HP large format printing system—the complete solution

HP PageWide XL printers, Original HP PageWide XL pigment inks and printheads, and Original HP printing materials are designed to work together as a system to provide reliable, consistent results with every print.

<sup>1</sup> Based on CIElab gamut and ink usage data collected from the HP embedded web server after printing on HP PageWide XL8000 using firmware: NGRGA\_07\_29\_01.4 comparing HP 20-lb Bond paper printed in 'HP 20-lb bond poster' setting in uniform areas mode and a standard office paper without ColorPRO Technology printed in '<90gsm plain paper' setting in uniform areas mode.

<sup>2</sup> HP Large Format Media take-back program availability varies. Some recyclable HP papers can be recycled through commonly available recycling programs. Recycling programs may not exist in your area. See [HPLFMedia.com/hp/ecosolutions](http://HPLFMedia.com/hp/ecosolutions) for details

<sup>3</sup> BMG trademark license code FSC®-C115319, see [fsc.org](http://fsc.org). HP trademark license code FSC®-C017543, see [fsc.org](http://fsc.org). Not all FSC®-certified products are available in all regions. For information about HP large format printing materials, please visit [HPLFMedia.com](http://HPLFMedia.com).

## Enable fast production printing at an economical cost

### Increase productivity, lower printing costs

Optimize your high-production printing with the economical, trouble-free performance of HP 20-lb Bond with ColorPRO Technology for HP PageWide XL printers. A variety of sizes and bulk tub pallets are available, streamlining workflow for higher productivity and lower costs.

### See the ColorPRO Technology difference

See the difference. Produce high-impact graphics with a wide range of colors, precise lines and sharp, fine detail. HP 20-lb Bond with ColorPRO Technology is designed for HP PageWide XL printers to deliver professional-quality results, has been tested and proven to produce up to 30% more color with up to 30% less ink<sup>1</sup>, and is optimized for high-production environments.

### Print with ease—with the environment in mind

HP large format printing materials are designed together with HP PageWide XL pigment inks and HP PageWide XL printers to provide dependable, quality performance. Meet the environmental objectives of your company—and your clients—with this recyclable<sup>2</sup>, FSC®-certified paper<sup>3</sup>.

| Target customers                     | Applications               | Benefits  |
|--------------------------------------|----------------------------|---|
| High-production professionals        | CAD, AEC, GIS applications | Use up to 30% less ink and get up to 30% more color |
| Architecture (AEC)                   | POS posters                | High-production printing                            |
| Engineering (CAD)                    | Corporate graphics         | Crisper text and graphics                           |
| Geographic Information Systems (GIS) |                            | Higher contrast blacks                              |
|                                      |                            | Visibly enhanced print quality at production speed  |
|                                      |                            | Recyclable through commonly available programs      |
|                                      |                            | FSC®-certified                                      |
